

Maths

With the start of the new term, the children will focus on understanding and applying place value concepts such as:

- Understanding Place Value
- Comparing and Ordering numbers
- Rounding and Partitioning Numbers

The children will also be learning addition and subtraction with multi-digit numbers and solving problems involving these operations.

Art

This term we will be diving into the world of weaving with a special focus on Anni Albers! We will learn how this amazing artist was able to take this traditional craft and turn it into modern art using colour and pattern.

French

This half term we are learning how to describe ourselves and others while building upon our vocabulary.

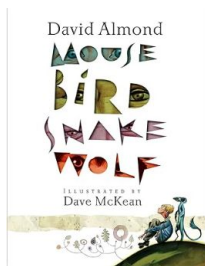

PE

We will be practising passing, dodging, catching, and chasing as a class to build our foundational skills for tag rugby.

Science

This term in Science we will be learning how to classify living things in our world. We will be discovering the importance of different habitats and recognize the impact of environmental changes on these habitats.

English

This term in English we will be reading *Mouse Bird Snake Wolf*, a graphic novel which explores our themes in science of adaptation and living things. We will be using this text as inspiration for our writing to create different genres of texts based on the book.

What will happen when Sue, Harry and Little Ben create the wolf?

PSHE

"Being Me in My World" is all about discovering what makes you special, making new friends, working together as a team, and staying safe and healthy. We'll have fun learning how to be our best selves and how to make our world a happier place for everyone!

RE

This term we will explore Christianity and the promises made by God to his people in the Old and New Testaments.

Children will explore the idea of covenant and they will consider the importance of the Christian belief that all God's promises are fulfilled in Jesus Christ, expressing their ideas and understanding in creative ways.

Computing

This term we will be learning to appreciate the internet as a network of networks. We will learn that the World Wide Web is part of the internet, and will be given opportunities to learn about who owns content and what they can access, add, and create.

Finally, we will evaluate online content to decide how honest, accurate, or reliable it is, and understand the consequences of false information.

Geography

This term we will travel to different biomes like lush rainforests, icy tundras and hot deserts to see how plants and animals adapt to their unique homes. Get ready for a fun journey to learn how our bodies and the natural world are super connected!

Music

Ever wondered how music has this magical power to unite us? This term, we're diving into the cool world of musical structures! We will unravel verses and choruses find out what makes our favourite tunes so irresistible.
