Year 3 - Autumn 2

Power of Reading Text: The Pebble in my Pocket

English
We will be reading The Pebble in My Pocket this half term, exploring how rocks form and change over time. We will write non-fiction texts, descriptions and imaginative stories, focusing on using paragraphs, expanded noun phrases, conjunctions and accurate punctuation.

Maths
In Maths, we will continue developing our addition and subtraction skills before moving on to multiplication and division. We will practise:

- Adding and subtracting 3 digit numbers
- Learn our 3, 4 and 8 times tables
- Use inverse operations and apply our knowledge to problem solve

Computing
We will learn to create stop-frame animations using tablets. We will capture and sequence images to tell a story, adding text and sound to improve our animations. We will also develop our understanding of e-safety.

History
This term, we will explore the local history of Addlestone, learning about significant events and people who shaped the area. We will develop an understanding of our community's past and how it has changed over time.

Key Dates
November 9th - Family Consultations
November 9th - Outdoor Learning Day
November 10th - RE pause day
November 11th - Family Consultations
November 12th - Spelling Bee
November 16th - Anti-Bullying week
November 26th - Local walk
December 10th - KS2 movie night
December 15th - Carol Service at St Paul's Church.
December 18th - Last day of term - 1pm

DT
We will learn basic sewing techniques, explore different types of stitches and materials, and practise using sewing tools safely. We will develop our skills to design and create our own textile products.

French
We will learn to name classroom objects and colours in French. We will also practise listening to and following simple instructions, developing our confidence in speaking and understanding French.

RE
We will explore how artists help us understand Christian beliefs and practices. Through different forms of art, we will discover how Christian stories and values are represented creatively.

PE
This half term, we will develop our football skills, including passing, dribbling and shooting. We will also improve our accuracy, stamina and teamwork while playing safely.

PSHE
This half term, we will explore Celebrating Difference, learning about different family structures, respecting others, resolving conflicts and understanding how our differences make us unique.

Music
This half term, we will learn and practise a Christmas song in preparation for our school Carol Service, developing our singing skills and performing together with confidence.

Science
This half term, we will explore rocks and soils, comparing and grouping different types of rocks based on their physical properties. We will investigate how fossils are formed and discover what they can tell us about plants and animals from the past. We will also explore different types of soil, learning how they are formed from rocks and organic matter, and develop our scientific enquiry skills through practical investigations.
