**I'm a mathematician...**

## Throughout the year...

I am learning to develop fast recognition of up to 3 objects, without having to count them individually ('subitising')

I am learning to recite numbers past 5.

I am learning to say one number for each item in order: 1,2,3,4,5.

I am learning to know that the last number reached when counting a small set of objects tells you how many there are in total ('cardinal principle').

I am learning to show 'finger numbers' up to 5.

I am learning to link numerals and amounts: for example, showing the right number of objects to match the numeral, up to 5.

I am learning to experiment with my own symbols and marks as well as numerals.

I am learning to solve real world mathematical problems with numbers up to 5.

I am learning to compare quantities using language: 'more than', 'fewer than'.

I am learning to talk about and explore 2D and 3D shapes (for example, circles, rectangles, triangles and cuboids)

I am learning to understand position through words alone - for example, "The bag is under the table," - with no pointing.
